

28

29

31

**You forgot to wash
your hands after going
to the toilet and have
spread germs.**

Beat the germs by washing
your hands after the toilet
or before you touch food.

33

FINISH

Well done! You
beat the germs
by taking care of
yourself and
using the right
treatment.

30

**You don't finish all
of your antibiotics
because you start
to feel better.**

The bacteria get stronger!
Always take antibiotics as
your doctor has advised.

24

23

22

21

27

26

**You have a cold
and ask your doctor
for antibiotics.**

A doctor might give you
antibiotics for fighting off
bacteria but these won't
help if you have a virus,
like cold or flu.

16

17

18

19

20

**You aren't looking
after yourself!**

Take care of yourself
when you're feeling
poorly by drinking water
and getting lots of rest.

14

13

12

11

**You've taken
antibiotics to
treat a virus.**

This isn't a good idea!
Antibiotics will help fight
bacteria but aren't used
for treating a virus.
